

Christine Curley

Community Health/Home Care Nurse Central Region

Services I can offer to your Family & Community include:

One To One

- Establishing a relationship built on iisaak(respect) and trust.
- Working in a relational way to support creating a health journey, outlining an individual's hopes/dreams/goals for maintaining good health. Incorporating the traditional teachings of our Elders.
- Maternal Child-(Pre-natal, post-natal) support and resources.
- Disease prevention and support across the lifespan (childhood immunizations, influenza and covid immunizations, routine adult immunizations) to maintain good health.
- In home support and resources, including service plans for personal care.

Training Experience

- Bachelor of Science in Nursing
- 20+ years working as an acute care nurse in Tofino Hospital
- 27 years of NTC Community Health and Home Care experience.
- 45 years living and working in Tla-o-qui-aht Territory
- BCCDC certified for immunization competence.

Communities Served

Ty-Histanis and Esowista, Monday to Thursday
